

**For Immediate Release June 22nd, 2018**

***Notice of Construction Closures in the Downtown on Monday, June 25th***  
*Centennial Drive and Toronto St. N. Parking lot will see temporary closures*

Please be advised that Centennial Drive and portions of the Toronto St. N. Parking lot will be impacted by construction on Monday, June 25th.

Centennial Drive will be closed to through traffic in the morning. The parking lot on Centennial Drive and the parking lot for Chances Are will remain open. Pedestrians will be unable to walk between the Centennial Drive parking lot and Bascom St. The parking lot at the Old Fire Hall (17 Bascom St.) is available for use.

A select area within the Toronto St. N. parking lot will also be blocked off for a portion of the day. All entrances to the parking lot remain open. The work will start on Centennial Drive in the early morning and conclude at the Toronto St. N. parking lot. The road and parking lot will reopen the same day.

The Township is digging test pits ahead of the Brock St. Culvert project. These test pits, which will be back-filled in the same day, will inform those bidding on the Construction tender of the type of soil and ground water in the construction zone. This will enable them to more accurately estimate the time and cost to complete the construction work.

Thank-you for your patience as we continue to prepare for the Brock St. Culvert construction project.
